

Agreement for Medication Self Administration

Student: _____

NMSA recognizes that the health needs of the above named student may require the use of certain unscheduled rescue medications (i.e. insulin, epinephrine, inhalers). In order to accommodate that need, NMSA will allow the student to self-administer the necessary medication upon request by the student, parent, and physician provided that the student has demonstrated the ability to carry and use the medication in a responsible, appropriate and safe manner. The medication must be labeled and in the original container with a back-up supply in the school front office. This agreement must be renewed annually or when there is a change in the medication, dose or time given. **This agreement must accompany a Permission for Administering Medication in School form and be on file in the school front office.**

Medical condition: _____

Medication: _____

Dose: _____ Route: _____ Frequency: _____

Student, Parent and Physician Agreement

1. Student has demonstrated to the physician and parent/guardian correct use of the medication.
2. Student agrees to never share the medication with another person.
3. Student agrees to go to the school front office immediately in there is not a marked improvement after taking the medication. **NOTE: If the medication is for severe allergic reactions, the student will seek additional medical attention immediately following administration.**
4. We the parents/guardians of the above mentioned student agree to assume all responsibility and liability for the above mentioned medication when it is brought on campus by the student.
